

Energy Efficiency 101

Go green and \$ave green.

Learn how to bring down your electric bills and help the Tucson community at the same time.

Tucson Electric Power Company, working with Pima County Public Library, will show you everything from simple inexpensive energy saving tips and tricks around the house to more elaborate fixes. Learn how to do an energy audit of your home and how to calculate your family's carbon footprint. You can lower your electric bill without sacrificing your comfort.
